December 3, 2003

Mr. Arnold Salazar
Executive Director
SyCare
609 ½ Main
Alamosa, CO 81101

Dear Arnold:

Thank you for your interest in the "Next Mile" pilot project. The purpose of the project is to develop "real-time" data sets within the San Luis Valley that will be shared with the State of Colorado. By networking the six San Luis Valley county courthouses together we will create a statewide model of seamless access to information that can be used for both public and private sector planning.

The meeting on the 12th is the first formal presentation about the "Next Mile" project and will help to determine your interest in participation. Additional meetings will be scheduled immediately after the first of the year.

Enclosed please find a power point presentation that outlines the basics of the project as well as a hard copy of the invitation you received via email. If you need additional information please contact us.

"We are investing in ourselves."

Regards,

Michael D. Wisdom
